Last but not least, we want to thank all for taking the jokes on them found herein with the spirit in which they were given-that of fun and jest. Thank you.

# Athletic Regime at Auburn Better; Plainsmen to Have Good Material

By C. T. Ingersoll

Although the first part of this year was not so successful for the Tigers, things are beginning to look brighter in the athletic department, as we look forward to next season.

## Football

There was a change in coaches at mid-season, and now we are very fortunate in having Coach Bohler as head-coach of the fighting Auburn Tigers. Coach Bohler came to Auburn last month, and took over the reins of spring training, and is giving the gridders practice in punting, blocking, passing, and holding the pig-skin. He comes to us from Mississippi College, leaving a clean record there.

Many of the Auburn games last fall resulted in close scores, and were hard-fought to the end. Everyone that saw the L. S. U. game, will remember how the team fought, and did not give up until the last whistle had blown.

Much fine material will be on hand in the Tiger camp next fall, when the first call for candidates is heard. With the material left over from the varsity and Rat squads, we will be ready to start the season right. From the varsity we have Captain "Nick" Carter, Cunningham, and Long in the line, while Crawford, Tuxworth, and Snider will be handling the ball in

the backfield. Then from the Freshman squad there will be four powerful linemen in Harkins, Jacobs, Newton, and Taylor. These men will average over 200 pounds each, and it is just like going through a stone wall as to get over them.

## Basketball

Auburn has just finished the most successful season on the court that she has had since she has had a basketball team. The Championship was only lost by one point. Here we must pause and say that Coach Papke should receive much of the credit for this, due to his untiring efforts for the betterment of the team. The whole squad and student body have the greatest respect for Coach Mike, for he is an ideal coach.

The team became famous this season for the 3 to 1 decisions. They piled up large scores on everybody, averaging 45 points per game, and a total of 1000 points for the season. Two of our players, DuBose and Akin, were placed on the all-Southern team. Even though we lose several basket artists, we still have Mullin, Howell, Capt. DuBose, McGhee, L. James, Smith, Snider, and Vines. Some few players will be advanced from the Rat ranks, which will strengthen the squad. The First-yearmen had a winning team also.

Nothing braces a romance like moonbeams.

© 1926, BY NEA SERVICE, INC.

## Baseball

Now that baseball season is in full sway, and we have seen Coach "Slick" Moulton's cohorts in action several times, it is easy to see that we have a good chance to retain the baseball Championship again this year. The Plainsmen copped this title last year. Some costly errors have been made this year, but the team is gradually working into shape and Coach Slick is smoothing over the rough places. The team was primed for the first tilt with Tech last week, and showed the fans some real playing.

Many of the old players will return next year, making the baseball outlook good for next season. Smith, Currie, Crawford, Booth, and several other regular players will be seen again on the baseball team next season. Wood and Potter will be greatly missed in the mound, but we will have Stoutenborough, McGhee, and Lee back with several new members from the Freshmen. Carter and Wynn are looking good in the mound for the Yearlings. Carter tossed against the Tech Rats last week, and only gave up two hits. Other Rats that will make strong bids for the varsity are: Pate, Potter, Harris, and Newton. All four of the last mentioned have shown exceptional ability on the diamond.

Out of the present team we have several all-Southern men. Ben Sankley and Cush Wood obtained this honor last year. Wood was voted one of the best pitchers in the Conference last year.

## Track

The Orange and Blue harriers have an excellent chance to cop the title in track this year. Coach Hutsell has been giving his charges much practice for the several meets which are not far off. Coach Hutsell is one of the outstanding coaches in the United States, and has been chosen as one of the Olympic coaches.

The cinder artists have a record to be proud of in that they have not lost a dual meet in eight years. In this time great track men have been turned out, such as Greene, Lock, and Baskin.

Next year we will have a large number of experts back, among who are: Beard, Virgin, Tuxworth, Granger, Teague, Carter, Robinson, and Nage-

ley. Beard is another Baskin on the hurdles, and Virgin is running him a close race. Coach Hutsell also is developing some runners from the Freshman class. Bell is one of the most promising of this group.

An active athletic program is under full swing at Auburn. Mr. J. V. Brown, Coach "Red" Brown, and Coach Bohler are spending much time lately in organizing alumni branches with the idea of development of a greater Auburn. These men are getting great results, and much enthusiasm is being created at these alumni meetings.

At one big Auburn get-together last week, Coach Bohler said, "Wholesome college athletics make for the development of character, and we need facilities at Auburn that will make it possible for every student to take part in some game for which he is adapted. This will keep the boys out of pool rooms, will minimize bull sessions and will give them a chance to express themselves physically."

So to sum up this whole article, Auburn is on an upward flight in the athletic world, and before so very many months pass, she will be back in her same old high-rating position.

## Leaders in the Entire Country in Basketba

### 1928 AUBURN TIGERS

The above photo shows the big cogs in the 1928 Auburn basketball quintet. The players are: 1—"Jelly" Akin, forward; 2—"Buck" Ellis, forward; 3—The James Twins, Ebb and Fob (Captain), guards; 4—Frank DuBose, center; 5—A. P. "Mike" Papke, coach.

### DuBose

Morgan Blake picked Frank DuBose as the individual star of the Tiger-Aggie fray for quite a few seasons. He claims that Frankie obtained the tip-off nearly every time even when he was not directly involved in the jumping.

### Buck

Ellis played the best game of the season against the Aggies, according to the Journal. He was determined to take care of the key man in the Aggie attack and he not only succeeded in a queen's taste, but managed to drop in a flock of goals at crucial moments to assist Akin at the job of scoring.

### Jelly

From every sport writer of any paper an exclamation of this sort was heard every time Jelly Akin shot a goal. "He's without a doubt the best shot ever entered in this tournament."

### Ebb and Fob

Butler of the Atlanta Journal thought that Fob James was too soft meat since he had heard of his escapade in the movies. After the Tech game, he asked a friend if it was possible for one man to have so much fight in him. And when asked who he was speaking of, he pointed to Ebb, then to Fob and scratched his head and said "either."

Euphilia: Would you marry for money?

Soronia: I don't know—but I have a sacred wish that Cupid would shoot me with a Pierce-Arrow.

# Tigers Lead Conference in Basketball

## Auburn Evens It Up With 'Ole Miss Copping Second

Tigers Easily Whip Visitors in Last  
Game of Series

By C. T. Ingersoll

Revenge is sweet, and so it was when the Tigers, turned the tables and beat the Mississippi dribblers Saturday night in the A. P. I. gym. The Plainsmen staged a beautiful comeback after losing the game the night before, and it showed that the boys can not be beaten by any team when they are "right." This game was Auburn's from start to finish, even though Ole Miss played a fast game, and were very accurate in their shooting. They had a snappy little team, but the Tigers beat them 53 to 38.

Auburn took the lead and held it from beginning to end, and the Mississippi team did not threaten to overcome this lead a single time. The Auburn boys were running true to form, and by this form, we mean the kind of playing that is going to deal somebody fits when the Southern Conference Tournament begins. When Auburn can get their team-work down like they did on this occasion, the best team in the conference won't have a chance, for the Tigers just can't be downed.

## DUBOSE ELECTED TO CAPTAIN NEXT YEAR'S BASKETBALLERS

By C. T. Ingersoll

Frank DuBose has received the honor of being captain of the basketball team for next season. Frank has a splendid record for the two years he has played on the varsity, having made the team without any trouble from the start. His ability on the court is of the highest caliber, as everyone knows who has seen him in action with the ole fighting Tigers of the Plains. He plays in the center position and rarely ever has any trouble getting the tip on the opponent's center. Then after the ball has gone up at center, Frank is all over the floor, pivoting, guarding, and shooting with an accuracy that just can't be beaten. He has played against some of the tallest men in the Southern Conference, and still he

always gets his share of the points and does his bit in breaking up passes and shots of the Orange and Blue enemies.

DuBose is one of the most popular men on the campus and makes friends with all whom he comes in contact with. This is due to his most pleasing personality and sportsmanlike way in which he conducts himself while on the court. Frank has helped to give Auburn a good name, especially as was seen in Atlanta last week when Auburn strutted out but lost the championship by a measley one point. The spectators saw that the Tigers had a team that would fight until the last second. Frank was given some good write-ups during the teams stay in Atlanta. "We are all for you and those Tigers, Captain DuBose."

## S. A. E.'s Defeat Sigma Nu Boys In Semi Finals

By C. T. Ingersoll

The S. A. E. Frat won over the strong Sigma Nu team at the rate of 19 to 15, and in so doing, went into the finals of the tournament held by the Fraternities on the local court. This was a hard fought game, and was very close, as the score will show.

By the way these teams performed, we could tell that they had put much time in practicing, for each man seemed to know just where the ball was going. The S. A. E.'s especially had a smooth working machine.

## S. A. E. Winner of Inter-Frat. Basket Tournament Here

By C. T. Ingersoll

Last Monday night before a very enthusiastic group of supporters, the S. A. E.'s defeated the Pi Kappa Phi's in a contest which was heated from the beginning to the end. The game was marked with excellent pass-work by each team, but the Pi Kappes were not as accurate with their shooting as they have been in the games they had played in before reaching the finals. The S. A. E.'s had a passing combination in McGhee and Howell that in itself was enough to beat any good team. Howell had the ability to loop the basket almost at will, and missed only a small number of his tries.

work of the Pi Kappa Phi's, and played an aggressive game. McGhee guarded well.

Lester was outstanding for his team, and got twelve points chalked up to his credit. Roger's guarding was above par, and he was able to slip one in the basket occasionally.

Coach Papke was referee of the game.

FORM 110

**COACH BOHLER**

### **"FOB" JAMES**

**By C. T. Ingersoll**

Above is shown the countenance of one of our baseball players, who is known in film-land as Forrest James, but to the students of Auburn, he is just plain "Fob." "Fob" is playing his third year with the Orange and Blue, and will be greatly missed next year, for he has been the Tigers main standby in holding down the job at the initial sack. He is

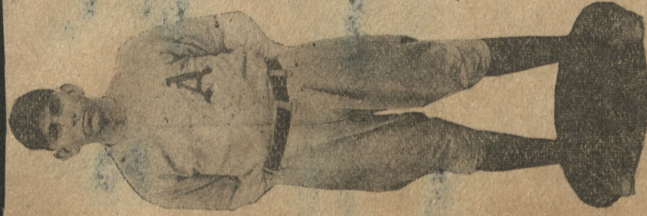

left handed and can grab the ball from any position, no matter whether it is a hot skinner, or one in the air. After every game his number of put-outs are exceedingly large, while almost every time he gets a goose egg in the error column.

"Fob" has not gotten his batting eye to working right this season. He has been unlucky in that he knocked the ball into the hands of the field-

ers more times than one. He always hits the ball out, but Old Lady Luck has been against him in getting on base.

James is a great athlete, having played basket-ball for three years, and was captain of the last quintet that only lost the Southern Conference Championship by one point. His home is here in Auburn, where he has many friends.

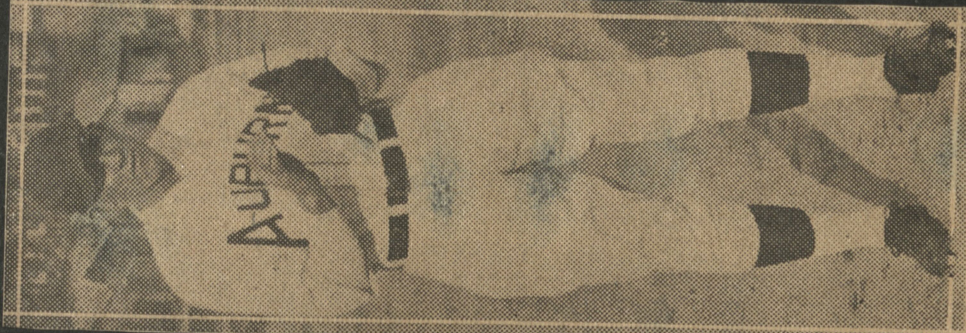

**FRANK CURRIE**

By Watts Howle

The above is none other than Frank Currie, flashing infielder, who is holding down third base for the 1928 Auburnites in great style. Frank is a good utility man, as he can play most any position in the infield and is just as valuable in the outfield. At the plate he swings from the right side of the platter, and is known as a batter who can smite the apple on the nose and send it far away. He usually gets to a pitcher in the early part of the game and should be feared by the best of them as he always makes an impression when he takes his turn at the plate. At running bases, Currie is no slouch for he is sure to go down at half a chance.

Currie is a strong favorite for a position on the Tiger Aggregation next year and he is being counted on especially for his ability to soak the pill. He is sure to make his letter this year as he has participated in many of the Conference Games, and is sure to be in his prime for the 1929 season.

Frank hails from Atmore where he participated in football and baseball for the Atmore High School. He was captain of the high school football team there in his junior year and he was elected captain of the baseball team as a Senior. He is a Junior at Auburn and he is taking the General Course.

**"BUCK" ELLIS**

By C. T. Ingersoll

Another of our star out-fielders is "Buck" Ellis, who holds down the job at center field and does it like a million dollars. "Buck" is a great athlete, having the honor of being one of the few three letter men on the campus. It is men like this that helps keep the fighting spirit of the Tigers at the highest peak, and puts Auburn on the top.

For the past two seasons Ellis has had a high fielding and batting average, and as he starts on his last season, we feel sure that his record will be excellent for this year. In the few games that have been played this year, "Buck" has hit the pill to good advantage. In the second Clemson game he got one home run and a two bagger. "Keep it up, 'Buck'."

Ellis is from Marvel, Alabama, and is a member of the Sigma Phi Epsilon fraternity.

**"MAGGIE" MCGHEE**

By C. T. Ingersoll

Addison (Maggie) McGhee is the gentleman who is shown in the baseball togs. He is a pitcher of high caliber, and although just beginning his second year on the varsity is rated among the best of our diamond artists. During his Freshman year "Maggie" was our star pitcher, and did some nice work in that position. Then last year he came back delivering the goods one hundred per cent, and made his letter. In the Florida game last year McGhee was able to hold the 'Gators, when some of the other pitchers could not. He pitches a steady game, and can always be relied on in the pinches. He has the confidence that all pitchers need, and plays the game for all there is in it.

Next year he will be more matured, and with the experience that he will get this season, will help make the Tigers keep their high place in the baseball world.

McGhee is not only outstanding on the diamond, but is one of the leaders among the students, having been President of his class for three years. He is from Macon, Georgia, and is a member of the S. A. E. frat.

**BEN SANKEY**

By C. T. Ingersoll

Among Auburn's all-time outstanding baseball players is Ben Sankey, who is playing his last season with the Tigers. Ben is a short-stop from the heart, and can really pick the hot grounders up and put them to first before the batter has had a chance to run half the distance to first. When he first came to Auburn he had no trouble in making the Freshman team, keeping his batting and fielding record very high. Then Ben went right into the varsity squad his Sophomore year, and made a great record. Last year he came back and was better than ever, and robbed the Orange and Blue opponents of a goodly number of hits, due to his exceptional ability of fielding the apple. For the two years that Sankey has

played with Auburn, his batting average has been very close to the top. He is one of our most reliable hitters, and is especially good at knocking the horsehide out in times when it is most need. A favorite pastime of Ben's is stealing bases. If he gets just a little lead, he is gone, and almost every time will be safe.

It is rumored that the big leagues have their eyes on Sankey, and as this is his last year at Auburn, we should not be surprised to find him there before so very long. He is the best in the South since Sewell of Alabama.

Not only is Sankey outstanding in baseball, but he is a leader in other ways. He is President of the Senior class, and has many friends on the campus.

**HOWARD SMITH**

By C. T. Ingersoll

This year Howard Smith has landed a regular position on Coach Moulton's diamond aggregation, and has been showing up like a veteran player so far. Last year he was one of our best reserves, and made competition very great for the position of second base. He got into several games last year, but did not play enough to make his "A."

Howard knows how to handle the ball, even when it comes at him at a hot rate of speed, and rarely ever lets one get past him. By next year he should be among the best infielders in the Conference. We have no-

ticed that very few men have stolen second this year, but when we remember that Captain James is catching and Smith is on second to put the pill on the runner, the reason for this is quickly seen.

One of the main features about Smith is his keen eye when he comes to the plate. He never strikes at a ball that is out of reach, but instead waits on a good one, and it usually means a hit. He is a very dependable hitter. When he puts his cap on sideways, the fielders usually move back, for he is "right" and is going to hit the ball or bust.

Howard is a Junior, and is a member of the Pi K. A. frat.

### "CUSH" WOOD

By C. T. Ingersoll

Above is the picture of one of our star baseball players who plays in the capacity of pitcher. He has started on his last season in pitching for Auburn, and he should see a great season. Last year "Cush" had such good control of the old horsehide that he stood out in the Southern Conference as one of the masters of the art of hurling a baseball.

Last summer at R. O. T. C. camp at Fort Benning Wood took an active part in athletics and obtained some valuable experience in the game. One game of note was when he pitched against the very strong team of the Parris Island Marines, and easily won. But Wood has not suffered defeat enough to know how it feels. He started this year off right by beating Fort Benning last week, and we know that he will continue to do his part in keeping the Tigers on top of the Conference. "Cush" is in good condition, for he has been keeping in training all winter.

Wood is a member of the Pi K A. fraternity, and is a Scabbard and Blade. His home is in Jasper.

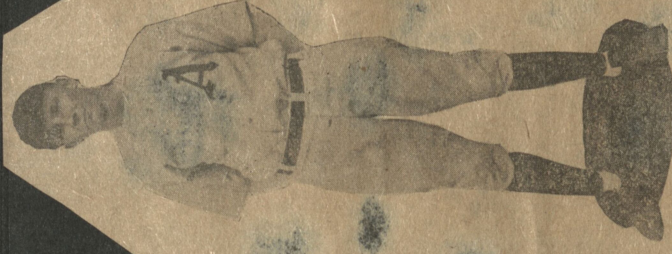

### JIM CRAWFORD

By C. T. Ingersoll

The only Sophomore who has stepped into a regular position on the Tiger diamond squad this year is Jim Crawford. His job is holding down right field, and if he keeps up the good work, and if he keeps up the good work, will have a good chance of getting the Porter loving cup before he finishes. He will run somebody a close race for all-Southern next year, and we feel sure he will make it.

He hails from Rock Mart, Georgia, where he gained a great deal of valuable experience before coming to Auburn.

"Let's go, Jim."

### ERNEST POTTER

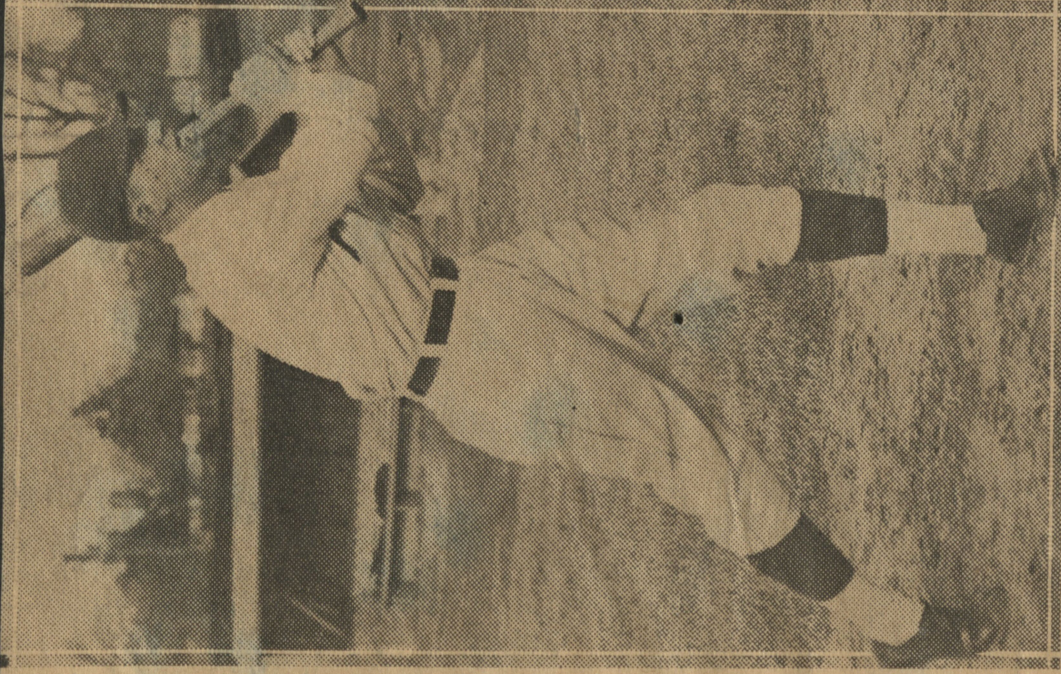

By C. T. Ingersoll

Here we have another one of our pitching staff, who is about to commence his last year on the diamond with the Plainsmen. Potter knows how to shoot the ball across the plate at such a rate that the batter rarely ever gets a chance to swing at it. Last season he had some trouble with his arm, and did not get "right" in every game in which he entered, but this year we are counting on him to break some records. Everyone knows the brand of ball that he delivers, and we feel sure that he will turn back some of the strongest teams in the Conference when they face him. He was the only pitcher that could hold a couple of teams during his Sophomore year, and turned in a great season that year.

Ernest played in several games at Fort Benning last summer while he was there at camp.

Potter is a member of the A. T. O. frat, and is one of the most popular men on the campus. He hails from Anniston, where he got his early training at the Anniston Hi. He made a splendid record while performing under that institution.

#### "DOOLEY" GILCHRIST

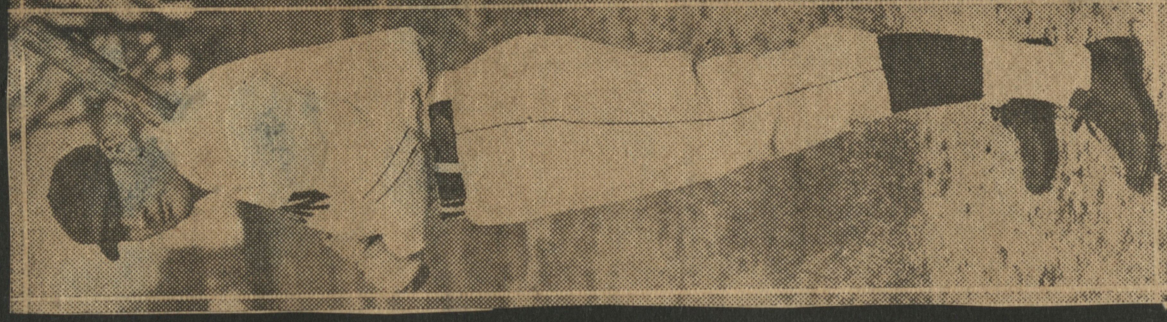

The manager of the 1928 baseball squad of the Orange and Blue is our own well known "Dooley" Gilchrist. We could have hunted all over the country and back and could not have found a man who would have made a better manager for the Tiger nine than "Dooley". He always has the arrangements made for the team, and gives them every possible comfort.

This season he has not been satisfied with just being manager, but he has also donned a uniform, and has been in several of the line-ups. His chief hobby is playing third, and he

also has the swatting eye. He has been on the initial sack for the last few days while "Fob" James has been confined to his bed.

"Dooley" is given much of the credit for the spirit of the student body during the past year, for he holds the notorious job of "cheer leader". He has the real Auburn spirit, and has helped put it in the hearts of the students.

This is his last year at Auburn, and the place he leaves will be hard to fill. He is taking the Civil Engineering course, and is a member of the Kappa Sig frat.

#### "JELLY" AKIN

By C. T. Ingersoll

One of our best outfielders and played a few games so far, we have seen enough to find out that "Jelly" can still swing the old stick, and will have as good or even better average this year that he had last. He is from the neighboring town of Notaulga, and is a member of the Alpha Gamma Rho fraternity.

"Let's go, 'Jelly'."

Tigers Outhit Rivals, But Field Poorly in Initial  
Campus Game

## **Tigers Trounce Tulane in First Conference Tilt**

By George Ashcraft

Earnest Potter returned to the folds of the Auburn varsity pitchers Friday afternoon, and contributed a large share to the defeat of the Tulane Greenies to the score of 6-1. He allowed Tulane but two little hits, which they could convert into but one run.

The game celebrated the opening of the conference season for Auburn, the annual flag raising ceremonies being held just before the start of the game. As the flag went up four field pieces of the Artillery fired a salute of 21 shots. The cold wave that had swept over the vicinity Friday night did not seem to handicap the collegians, and they went through the game in record time. Each team was credited with a single error, but the bobbles had no direct bearing on the score.

## **Plainsmen Swamp Tulane In Second Tilt of Series 9-3**

By George Ashcraft

In the second game of the Tulane series, played in Montgomery last Saturday, Auburn came out on the large end of a 9 to 3 score of a slow contest. The cold weather seemed to have a devastating effect on both teams, some 14 errors being made during the contest.

## **GEORGIA AND AUBURN TIE IN DAMP CONTEST, 3 TO 3**

Auburn and Georgia tied in a three to three deadlock in a rainy day baseball game here Monday afternoon, which was the first game of a scheduled two-game series booked for Monday and Tuesday afternoons. The game went down through nine innings when it was called on account of rain and darkness, each team trying to put across the winning tally and break the tie that developed in the seventh frame.

## **Tigers Fight To 6 to 6 Draw in Second of Series**

By C. T. Ingersoll

In the second game of the Auburn-Clemson series, the result was a tie in the seventh inning when the game was called by Umpire Hovater on account of darkness. The game was rather slow, being enlivened occasionally by a home run on the part of the local players. McGhee started in the mound for Auburn, and was relieved in fifth by Stoutenborough, giving up seven hits while he was in the game.

### Baseball Team Sick

Winning the last game of the Florida series last Saturday was all the more wonderful when you consider the fact that Coach Slick sent in a patched up team in against the 'Gators. It seems that a salad of some sort was served at one of the meals, and the heavy eaters got sick on it. These happened to be the James twins, Jim Crawford, and Buck Ellis. Of course there are doubtless others on the team with the same characteristic but the ones above were the only ones who got enough of it to render them unfit for the game. Coach discovered of new first baseman in Dooley Gilchrist, who played a sensational game from all reports of the conflict. Booth was sent in behind the plate, and he filled Capt. James shoes very well. The shakeup at least eliminated some of Auburn's tendencies for errors. Only one miscue was recorded on the Plainsmen's side of the scorebook.

# WEIDEMEYER'S ORCHESTRA ENGAGED TO FURNISH MUSIC

He: It's cost my father five thousand dollars to put me through college.

She: And after six years all he gets is a quarter back.

## Fraternities Planning House Parties For Occasion

By Harry Wise  
Arrangements for the Commencement Dances, or better known as the Senior Prom, are well under way with the entire Social Committee hard at work to make this the biggest, the best and the most widely known dances that have ever been staged on the campus.

The date has been set for the weekend before commencement, that is May 17, 18 and 19, 1928. With the decorations, music and beautiful girls that shall be on the floor during those three days and nights, the merry-making should be at heights unknown to the campus here-to-fore.

With Weidemeyer and his orchestra from Huntington, West Virginia furnishing the music there should be no doubt in the minds of any one who hears the commencement dances or as to the quality of the music. This orchestra has been on several times and has met with the approval of the dancers at

all occasions of the functions of it all. With the warm weather approaching every one will be surprised by the simplicity and informality in dress and actions insure the necessary freedom for the fullest enjoyment of every minute of the time that this Orchestra can furnish the "rack."

There are six reasons why you should send your clothes to the Ideal laundry which are as follows:

1. Because there is no where else to send them.
2. Because this laundry has the best button cracker and patented shirt ripper in the Southland.
3. Because twenty four pins are stuck in every shirt so you are bound to stick your hand on one of them.
4. Because all laundry is carried to the gas house first and kept there for twenty four hours to get rid of undesirable aliens.
5. Because they have the only known device that will convert sheets into pocket handkerchiefs.
6. Because they can adjust your socks so that you may put them on from either end and towards the end of the year they collect all socks thus enabling all students to reach an eight o'clock class on time.

Not yours to lead an army vast,  
Or place your name all names above,  
But yours to guide one heart aright—  
Simply to live and love.

Making-up must be lots of fun  
I'D LIKE TO TRY!

If on the street  
We meet  
I shall not greet you.  
I shall pass by  
With eye  
Unseeing, head in air.  
Don't be surprised if I treat you  
As if you weren't there.  
Only the beat of my heart,  
And my feet, oh, so slow  
And reluctant to start  
On their way  
May betray  
Me, and show  
You I care.

#### THE USELESS LIFE

"SUCH a useless life she lives," they say,  
"Just folly and frivol from day to day,  
Always a luncheon, a bridge, a tea,  
Not a thing worth while that the world can  
see!"

But all men know that the world is blind;  
Many the jewels it does not find  
And many the riddles it cannot read  
When it sets the worth of a word or deed.

Though her part was not one that the world  
understood,  
Still it had its share in the world's vast good  
For the joy she gleaned and the joy she spent  
Went to swell the sum of the world's content.

# Blind Tiger

Professor—A fool can ask more questions than a wise man can answer.  
 Stride—That's why I flunked in my exams.

Our idea of a fellow who needs sympathy is the one who asked his girl to use radium in her lipstick in order that he might find her at night.

"Aw, come on, slip me a kiss."  
 "No, I've got scruples."  
 "Oh, that's all right, I've had 'em twice."

High: "Have you ever been pinched for going too fast?"

Hat: "No, but I have been slapped."

"Did you enjoy yourself when you were a freshman—?"

"Ah—those were the happiest years of my life."

The Collegian

Gin and Latin, song and classes,  
 Football, sin and celebration,  
 Coeds, quots, flunks and passes,  
 —Here's to college education!

Late hours may not be good for one, but they are fine for two.  
 Yesterday: Mother's little pet.  
 Today: Mother's little petter.

1st. College Chap—You'll ruin your stomach, old man, drinking that stuff.  
 2nd. Dumbell—That's all right. It won't show with my coat on.

MY OWN EPITAPH  
 Life is a jest, and all things show it;  
 I thought so once, but now I know it.

Percival: "I maintain that lovemaking is just the same as it always was."  
 Cedric: "How do you know?"  
 Percival: "I just read about a Greek maiden who said she had listened to a lyre all night.—Exchange."

## STUDENTS WITH GRADES OVER 90

Dorothy  
 +  
 Elaine

John B. E. Hite—What is the date please?  
 Prof.—Never mind the date. The exam is more important.  
 John B. E.—Well I wanted to have something right on my paper.

### DON'T YOU REMEMBER?

Don't you remember in the long ago,  
How you carried her books through the  
wind and the snow  
To the little white schoolhouse far back on  
the hill,  
How you taught her to skate on the pond  
by the mill—  
Your little sister?

Oh! do you remember, though the years  
have flown,  
And your little sister is nearly grown,  
And you would fight any time to protect  
her name  
From every breath of shadow and stain—  
Your little sister?

And that comrade of yours, the other day,  
He came to you in a mirthful way  
And whispered a tale that made you laugh;  
For she was only a maid of the fallen class,  
But she was somebody's sister.

For "boys will be boys," is what you  
thought,  
And didn't remember what you were taught,  
Because to you it only meant  
That all your chivalry should be spent,  
On your own little sister!

So the world lies crushed 'neath its weight  
of woe,  
And ever and always it will be so,  
Till men shall learn to protect from snares,  
Somebody's sister as well as theirs.

Be they laborers weary or ladies grand,  
'Tis ever the same in every land,  
There is someone who loves and honors  
them,  
Amid the rush and greed of men,  
Someone, who calls them "sister."

### MEDITATIONS ON THIS AND THAT

In days of old when knights were bold,  
And wilderness was here,  
Men went out, with powdered gun,  
To try to catch a deer.

#### BUT

In modern days with its jazz craze  
We use a different plan,  
The "dear" goes out with powdered face  
To try to catch a man.

Any girl can be gay  
In a classy coupe;  
In a taxi they all can be jolly.  
But the girl worth while  
Is the girl who will smile

When you're taking her home on the  
trolley.

(Ain't it awful to be broke?)

One fellow's girl may be DURABLE  
AND SAFE while others are ALWAYS  
DEPENDABLE. All seem to be equipped  
with SHOCK ABSORBERS, and are  
SMOOTH ON ANY ROAD, but when we  
get AMERICA'S FASTEST FOUR we  
find they are all BUILT FOR SPEED  
AND COMFORT.

ASK THE MAN WHO OWNS ONE.

The average American believes that:  
To go to college one must wear balloon  
pants.

The college widow is the dean of women.  
College professors are all absent minded.  
Studious boys always wear glasses and  
use big words.

The campus belle is the dean's daughter.  
Co-eds have dates every night and three  
time on Sunday.

Students go around saying "Rah, rah,"  
and "hay, hay."

The fair co-ed kisses eleven men after the  
big game.

The philosophy prof slams his wife and  
kisses the door.

The star quarterback is always kidnap-  
ped before the big game.

He arrives in time to win the fracas from  
Siwash, however.  
built.

The frat house is the house that "Jack"  
Students go to classes to collect material  
for "College Humor."

# Tracksters Win in Triple Meet in Gainesville, Fla.

Coach Hutsell took his track team to Gainesville, Florida last week, and met the universities of Georgia and Florida in a triangular track meet. The Auburn boys had little trouble in making the largest number of points out of the meet, thanks to "Snitz" Snider and Beard, who each took three first places. Although the weather was bad and a strong wind was blowing, the Auburn harriers could not be slowed down, and won eight first places out of the fourteen events.

## Auburn Harriers Enter S. C. Meet With Fine Record

## Hutsellmen Overwhelm Greenies On Campus

"SNITZ" SNIDER

By C. T. Ingersoll

The fastest man in the South is the gentleman pictured above, who is "Snitz" Snider. He is captain of the cinder artists this season, and under the tutorage of Coach Hutsell is out to break some track records during his last year at the Plains. Snider holds the Auburn record for the 220-yard dash, having made it in the record time of 21.7 seconds. He has been on the track team for three years now, and in that time has been in many track events over the United States. He has received many honors, medals, etc. for his feats on the track.

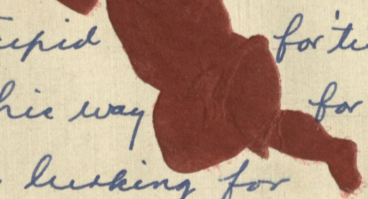

The time when "Snitz" shines most is in dual meets. He runs the 220, 440, and 100 yard dashes, and brings home the points for the Tigers. This week we meet Georgia, and a lot will depend on Snider as to whether we will win the meet. We are counting strongly on him to get the dashes. He is the kind of track man that trains the year round, and can stay with the best to the last.

"Give 'em hell, Snitz."

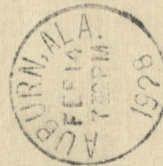

Snider, Auburn's scintillating 440-yard man, who ran the 400 meters in 48.3 seconds. His condition made an excellent impression on those who report to the Olympic committee will report recommendations of those to watch at the Boston tests.

Emil (Snitz) Snider

Don't be stupid for tie now that Cupid  
Is making his way for St. Valentine's Day  
While he is looking for hearts

2,000 Years Ago Aesop Said That—  
 No man has ever made successful love  
 with a flea in his pants.  
 An undertaker may not get the first  
 look, but he always gets the last.  
 The gold-digger believes that beauty is  
 as beauty doughs.  
 Four out of every five do and the other  
 will—chaperone.

I'm going to give you—you are right,  
 A great, big apple, mellow,  
 Now mayn't I see you home to-night?  
 Don't let that other fellow.

Chairmanship Offered Howell.

## "A" Dance Failure Account of Rain

Those Braving the Elements Have  
 Good Time

The "A" Club dance Saturday night March 10 was not quite the success that it should have been. Due to the fact that we have not had a dance for so long and that there was nothing else going on, a real good dance was predicted.

The dance committee, however, did not take the elements into consideration and consequently it rained. Most of the young ladies that would have been present were absent on that account. At any rate the Officers wives, the co-eds, and both of the out of town girls had a glorious time.

Music was furnished by the "Wolverines," a snappy conglomeration from regions around Opelika.

Sigma Phi Beta sorority  
invites you to become a  
member of its Delta Chapter.

Your answer must not be  
later than February 15, 1928.

Do not destroy my idol  
Allow me to keep it awhile  
For I shall be bored with it  
Only too quickly...

Do not be foolish--  
I know it is clay  
And that a mere ray from the white  
Light of truth  
Will dissolve it.  
All the more reason  
For cherishing it  
For shielding my fantasy  
From the light,  
Delaying as well as I'm able,  
The hour of its perishing.  
For I must worship something--  
Even an idol as this is.

Moreover -

(That I in my youth should be telling you!)  
You ought to know, in your wisdom,  
The deeper I sink in the ocean  
(The sooner I'll welcome the land.

# SPADES HONOR SOCIETY ANNOUNCES NEW MEMBERS

## Crowds Throng Streets to View Public Initiation

### TEN JUNIORS ARE ELECTED

#### All Are Prominent in Class and Student Activities

On Tuesday morning, at ten o'clock, the Spades Honor Society announced its new members to the student body by its public initiation. This annual initiation on May Day is a much anticipated event on the campus, as each time something different is featured.

This time the initiation was in the form of a circus side show. The name of this conglomeration of freaks and other wonders was the Sedaps Show. The announcer extolled to the public the virtues of the performance, and it deserved the praise awarded it, for the impersonations were good, and served their purpose in keeping the crowd of spectators almost tearful with laughter. There was the clown and bareback rider, both invaluable to any circus. Then came the wild man from Borneo, whose frightful looks helped to bear out the truth of the statement that he was the only one in captivity. The "hula-hula girl" danced like a "veteran at the trade." The fat lady and strong man added their part to the performance, the one by her ludicrous appearance and the other by his "impossible feats." Some mention must be made of the great "million dollar band" of three pieces. Its wonderful harmony will long remain in the hearts of music lovers.

The ten Juniors who were awarded the honor of membership in Spades are: Percy Beard, A. T. O., one of Auburn's crack track men; Nick Carter, T. O. K., captain-elect of Auburn's football team; Wink Glover, A. T. O., recently elected business manager of the Plainsman for the coming year; Duggar Taylor, Pi. K. A., awarded the cup offered annually to the best all-around Junior in Ag.; W. P. Smith, Theta Chi, a prominent student in Electrical Engineering; Howard Smith, Pi K. A., a member of the varsity baseball team; Joe Ford, S. P. E., elected business manager of the 1929 Glomerata; Frank DuBose, President of the class of '29 and captain of next year's basketball team; Pete Crenshaw, Sigma Nu, a well known and well liked student in Electrical Engineering; Maggie McGhee, S. A. E., for three years president of the class of '29.

## MUCH INTEREST IN BIG EGG HUNT HELD ON EASTER

Ag Bottom is Scene; Sunday  
Afternoon the Time

GOLDSMITH WINS PRIZE

Culpepper Gets Gold Football  
in Big Scramble

Even back in the old days when "Benny", and "George", and "Bunny" were college lads it was the custom at Auburn each Easter to dress the "rats" as little boys and girls and have a regular Sunday school Easter Egg hunt. This Easter, tradition was carried on and a glorious rejuvenation was held in Ag Bottom.

About three o'clock Sunday afternoon, had a stranger been passing by the Lamba Chi House he would have been fully convinced that the Fountain of Youth had been at last discovered. For, it was here that all of the freshman who were fraternity men, and thence who would participate in the search for the gaily colored hen fruit, assembled.

The battalion of infants were called to attention and began their march toward the hollow at the bottom of the Agricultural Hill; better known, perhaps, as Ag Bottom. Six foot boys in rompers; roly-poly boys in baby breeches; boys dressed as country girls; boys personifying coeds. The dresses ranged from a pale yellow to a deep purple; the "knickers" from a brilliant green to a rosy red.

The first event was twofold in its scope, awarding a prize to the most beautiful "girl" and a prize to the most beautiful "baby". After much discussion among the judges, who were Lieutenant and Mrs. Leach, Professor Robinson and Professor Daugherty, the prize for the fairest beauty was awarded to Rat Goldsmith, who was garbed to impersonate "Miss Miami", one of our fairest coeds. "Tubby" Jacobs, who holds the unique distinction of being the largest man on the campus was awarded the "baby" prize without any hesitation. The prize given to "Miss Miami" was a lovely pair of step-ins which we are certain "she" will find a use for. It was too bad that the rubber pants awarded to "Baby" Jake would not fit. It seems that they were a bit small.

The second event was the search for the eggs which the rabbits had so kindly provided for the occasion. At the report of the gun the tape was dropped and "rats" simply swarmed over Ag Bottom in their search, flitting lightly here and there; shouting gleefully when they discovered a colored treasure. As soon as all the eggs had been found the freshman

## AROUND THE CAMPUS

### Ag Bottom Cries Remain Mystery

For a long time the strange cries at night in Ag Bottom have been a source of mystery. Speculations as to what kind of wild life was responsible for these weird noises have long been current. Notwithstanding—the wild life in Ag Bottom is rapidly on the decline due to the efforts of Uncle Bill who has been in the employ of the Sigma Nu's for some fifteen years. Uncle Bill sets traps in the wilder parts of the Bottom and since the beginning of school he has bagged two pole-cat, one opossum, and one large rat (not the kind that has two legs.) Perhaps the strange noises issuing from said bottom MAY have come from these wild animals or perhaps they come from some of the higher animals who are sometimes pretty wild.

### Seniors Back From Inspection Trip

The annual senior inspection trip for students of the senior class taking engineering and business courses created much interest the past week-end in Birmingham and the surrounding territory. On the trip were approximately 125 students and a few professors.

The trip this year was very educational and was enjoyed by all the students. The business students visited some of the most important banking, real estate, manufacturing and other concerns of Birmingham in an effort to observe in practise some of the most important phases of their studies on the campus. The business students were led by Dr. Scott, dean of the general courses at Auburn.

The three engineering groups, chemical, electrical and mechanical, inspected Birmingham's most important manufacturing concerns such as steel plants, waterworks, and others. Saturday morning one group visited Sheffield and W. on Dam.

The trip was a big success and as in past years served to acquaint Auburn students with the practical applications of their studies.

#### MUCH INTEREST IN BIG EGG HUNT HELD ON EASTER

(Continued from Page 1.)

were called together and an attempt was made to find out who had collected the most eggs. This, however, proved impossible, for the eggs seemed to have been pooled, as several frolicking youngsters had a score or more and some had none at all. Then the little boys and girls were divided into two groups, and the royal egg battle got under way. This was enjoyed hugely by the spectators as well as the participants.

The last and perhaps the biggest event was the scramble for the "Golden" Football. Rats on the east side, rats on the west side, rats on the north side, rats on the south side, and a football in the center. This was the formation before the pistol was fired. However, after the signal "go get it" was given, the formation became a bit more pyramidal. About eight boys deep and six wide, all making a supreme effort to get the ball. It is remarkable that no one was mutilated, but when the struggle ceased at the given signal, there was not a single casualty. The judges decided that R. N. Gipe had the ball in his possession when the bout was ended, and was thereupon awarded the ball as a prize for his noble struggles. This was the end of a perfect day.

# ANNUAL "A" DAY CELEBRATION TO OPEN BASEBALL SEASON

## DANCE CLOSES CELEBRATION OF A DAY HERE

Very Large Crowd Attends  
Successful Dance

## MANY VISITORS HERE

Collegians Furnished Music in  
Usual Fine Style

The A Club dance given Monday night, closed the A Day celebration in Auburn. Starting at nine o'clock and ending at twelve, kept everyone in the best of spirits for three hours. Not since Homecoming Day of last year has there been so many pretty girls, and such a large number of boys.

Approximately 50 girls were at the dance. Of this number, about 30 were out-of-town girls. The remainder were co-eds and town girls. The girls were from Atlanta, Birmingham, and Montgomery.

The A Club reported the sale of 200 tickets. This was all they had, so many who came in late did not have to pay. The breaking was fast and furious. Many girls getting a good rush. The dance was unusually dry.

The Auburn Collegians, Max Jones' boys, seemed not to have gotten over the Glee Club trips yet. Jimmie Cone was there with his baby bonnet; Joe Jones had his derby; and John Brown wore his miners cap. Abie Hardin led the shouting. At intervals, Max Jones favored the dancers with solos on the trumpet, Leven Foster taking the Base Sax.

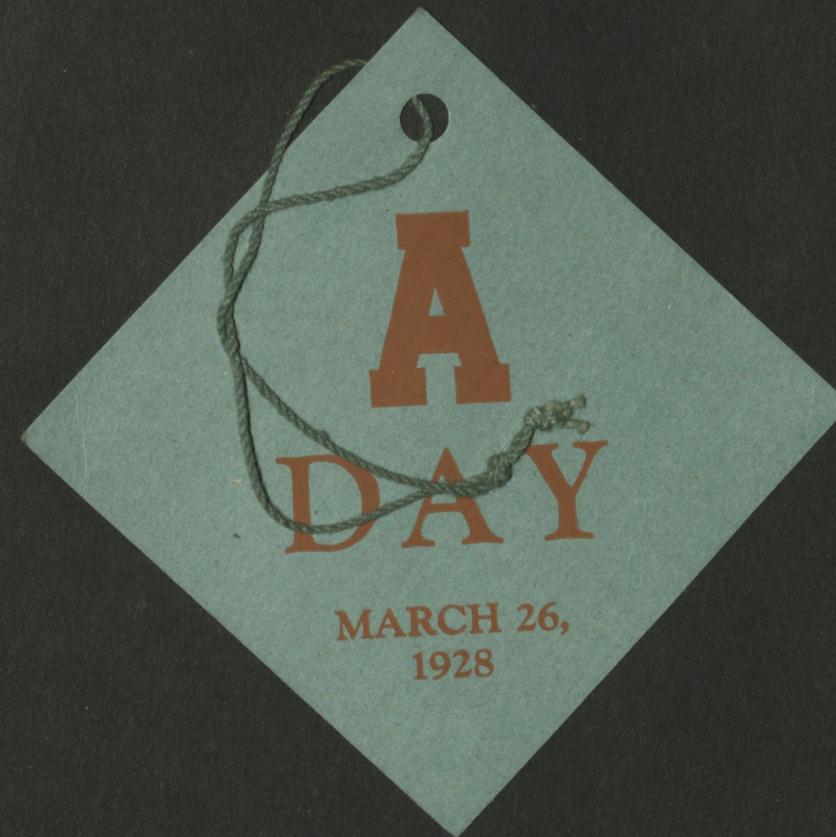

Miss Dobbs seemed very much pleased with the dance in general. In her opinion, everything went off nicely.

## DR. KNAPP MEETS 'A' CLUB

Dance Concludes Program on  
Monday Evening

A slight drizzle which suddenly developed into a downpour dampened the ardor of some of the love which gushed forth at the "A" Day Dance. Muddy tracks were seen on the dance floor.

ADIEU!

TO GO

Wine-red lips and laughing eyes;  
A June moon's mystic, mellow glow;  
An hour of stolen love, of stifled sighs;  
And mastered passion's maddening ebb and flow.  
A yielding bosom's slow and sensuous swell;  
Then one last kiss of mingled bliss and pain;  
A quick and poignant moment of farewell;  
And so we parted—not to meet again!

## Miss. Aggies Win from Auburn

Bridges and Carlin, Sub-  
'stitute Backs, Lead  
Maroons To Victory

BIRMINGHAM, Ala., Nov. 17.—In the second period, racing 33 yards for a touchdown. Harris' toe erred in the try for the extra point.

After the Plainsmen were held for downs on the Maroon 29-yard line in the third period Mississippi A. & M. started a slashing drive that drew up on Alabama Poly's twenty yard line. On the first play of the final period Pappenheimer shot a pass to Harris, who stepped over the goal for the second touchdown. Another pass, Pappenheimer to Lewis, was good for the extra point.

Tuxtworth passed desperately in the closing minutes of play in an attempt to score but the Maroon defense was impregnable.

Auburn

## OLE MISS OFF FOR TILT WITH PLAINSMEN

Birmingham, Ala., Oct. 20.—Coach Homer Hazel fired his big bertha into the battered and grubby ranks of Alabama Polytechnic Institute's Plainsmen here this afternoon, Gerald Walker ripping and tearing off long gains to lead Ole Miss to an easy 19 to 0 triumph.

The Mississippi speed demon crossed the Alabaman's goal line twice in the second period and Rushing, a reserve back, added the last marker in the third. Wilcox' try for goal after the first counter was the only extra point scored.

Walker and Wilcox plunged their way to Auburn's fifteen-yard line in the first period only to be forced to give up the ball. The second quarter found Ole Miss pounding at Auburn from her twenty-four-yard line. Walker and Wilcox picked up nine yards through the line, then Walker skipped around left end to score. An exchange of punts gave Walker the ball for a romp to the Plainsmen's nine-yard stripe, from where he plunged through center to count again.

Auburn's line was like sand before the charges of the Ole Miss forwards and Bohler's men took to the air. This failed to gain and a kick brought the Walker threat again into action, the Mississippian in two sprints netting forty yards, placing the oval on Auburn's fifteen-yard line. Rushing then circled end for a touchdown.

## Tulane Greenies Barely Win from Auburn, 13-12

## Auburn Tigers Finally Break Into Win Column

Auburn, Ala., Oct. 27.—The Alabama Polytechnic Institute Tigers won their first game in two years here today when they passing attack proved when the Bulldogs over the Auburn team running by the Birmingham college the results of over four touchdowns to the fourth pass paved the way for Howard flashed a strong offense at the start, Van Buskirk turning 75 yards for a touchdown. On the third offensive play of the game the locals started their passing attack which soon put them ahead. Tuxends soon with long gains around the worth, Ingram and Sellers were the biggest ground gainers for Auburn, while Van Buskirk and Garrett were the only Bulldogs who could penetrate the opposing line.

Sellers, Cunningham  
Lost To Auburn '11'  
AUBURN, Ala., Oct. 2—(UP)—The Auburn Tigers lost Sellers, full back, and Cunningham, tackle, for failure to pass examinations.
